

**VENTURA COUNTY TRANSPORTATION COMMISSION  
TRANSPORTATION TECHNICAL ADVISORY COMMITTEE**

Camarillo City Hall  
Administrative Conference Room  
601 Carmen Drive  
Camarillo, CA

**Thursday, February 16, 2012 at 9:00 AM**

- Item # 1** Call to Order
- Item # 2** Public Comments
- Item # 3** Approval of January 19, 2012 Minutes
- Item # 4** Information on Regional Transportation Plan
- Review and discuss the Regional Transportation Plan presented in the Power Point that was emailed to the Committee and on the SCAG website.
- Item # 5** Status of Regional Transportation Plan Projects
- Discuss current status of projects on the Southern California Association of Governments (SCAG) list.
- Item # 6** Status of Federal Transportation Authorizing Legislation
- Discuss the status of federal reauthorization proposals.
- Item # 7** Discuss Future Agenda Items - Possible Changes Shown Below:
- Congestion Management Program Update /Approval
- Periodic Highway Construction Updates
- ~~Invite SCAG to the TTAC meeting~~
- Regional Transportation Funding & Planning
- Update on the new Federal Program Authorization

~~Periodic Update on Prop 1B funds~~

City of Moorpark Functional Classification [?]

~~Green house Bill Update (SB375)~~

*Union Pacific / Public Utilities Commission Grade Crossing Policy*

*Route 1 Rerouting to Rice Avenue*

*VCTC Programming Procedures – Potential Revision*

*TTAC Bylaws – Potential Revision*

*Harbor District Presentation*

**Item # 8**      Next Meeting March 15, 2012

**Item # 9**      Adjournment

## **MINUTES OF THE VCTC TRANSPORTATION TECHNICAL ADVISORY COMMITTEE**

**January 19, 2012**

### **Item #1 – Call to Order**

Chair David Klotzle of Moorpark called the meeting to order at 9:04am. The attached attendance sheet shows those present.

### **Item #2 – Public Comments**

David Klotzle introduced representative from Jacobs Engineering to present on rubberized asphalt grant programs after adjournment of the meeting.

Peter De Haan of VCTC introduced Stephanie Young of VCTC.

### **Item #3 – Approval of November 17, 2011 Minutes**

David Fleisch made a motion to approve the November 17, 2011, meeting minutes. Chris Birkelo seconded. The motion was passed unanimously.

### **Item #4 – Election of Officers**

David Klotzle made a motion to nominate David Fleisch as 2012 Committee Chair and Ken Matsuoka as 2012 Vice Chair. No other nominations were made. Farhad Miran seconded the motion and it was passed unanimously.

### **Item #5 – Reciprocal Agreements Between County and Cities**

David Fleisch introduced the item and asked for confirmation on whether or not cities were interested in the reciprocal agreements distributed since the last meeting. To date, only Thousand Oaks has signed the agreement. Brian Yanez of Santa Paula asked if the agreement was a standing or new agreement and David Fleisch explained that there is an existing general agreement between the county and cities that allows the county to do work for the cities. The reciprocal agreement would make it possible for cities to also do transportation projects on county roads if necessary.

### **Item #6 – Status of CMAQ Funds**

Peter De Haan introduced the item. Peter explained that in response to the rescission of Congestion Mitigation and Air Quality (CMAQ) funds to the county's program balance, Ventura County loaned the San Diego Association of Governments (SANDAG) almost \$5.4 million of Ventura County's \$11 million unobligated balance. This 2-year loan was contingent on SANDAG obligating the full amount, which it was able to do. Thus, the CMAQ apportionment carryover for Ventura County is only \$3.5 million instead of around \$6 million. Next year, San Diego will repay the \$5.4 million, which will be added to the available balance in that year. The total CMAQ program capacity in the mini call for projects is then \$30

million, which is more than originally thought. Peter will send a spreadsheet with the new population shares for the mini call for project funding.

#### **Item #7 – Rice/101 Interchange Improvements Status Report**

Cynthia Daniels of Oxnard presented on the Rice/101 Interchange Project. The project's projected completion date is August 2012.

#### **Item #8 – Reprogramming of Proposition 1B Funds – Rice/101 Cost Reduction**

Peter introduced the item. VCTC is recommending that \$1,462,212 of 1B funds be reprogrammed from the Rice/101 Interchange Improvement to Hueneme Road Widening. This is half of the construction costs for the Hueneme project. The 1B funds would replace \$1,462,212 in Surface Transportation Program funds which would then be reprogrammed to the Del Norte Boulevard Resurfacing.

The motion to adhere to this recommendation was made by Chris Birkelo and was seconded by Dean Morales. It was passed with all present in favor.

#### **Item #9 – Proposed Caltrans Local Programs Monitoring List**

David Fleisch stated that at last month's meeting, a voluntary monitoring list was discussed. At the time, members expressed that many cities already had spreadsheets and forms used to keep track of their projects. Robert Wong of Caltrans sent the list out to members since the meeting. Robert explained that the list would facilitate communication with Caltrans Local Assistance about current projects and their status. David Fleisch asked for clarification on whether or not the form would be used to identify issues in current projects, as that was unclear in the draft form sent by Robert. Robert said yes, that the main purpose of the list was to help track progress of projects at a glance. David Fleisch asked that Robert send instructions out along with the form.

#### **Item #10 – Future Items**

Peter De Haan suggested that the TTAC bylaws be reviewed by the committee. David Fleisch suggested that the bylaws be distributed to the committee. VCTC will locate the most current copy.

Peter De Haan stated that the Congestion Management Program Update will be addressed at the February or March TTAC meeting.

Regarding inviting SCAG to a TTAC meeting to present the RTP, David Fleisch and Peter De Haan will discuss. A video or synopsis may suffice.

Dean Morales of Thousand Oaks will present on the Wendy Drive project at a future meeting. Peter De Haan also asked if the committee would be interested in a presentation on the Caltrans 101 Improvement Project in the spring. This will be discussed with David Fleisch.

Morris Zarbi stated that the TE application process had recently changed. Applications should be sent to Dale Benson before sending it to Caltrans headquarters. Cynthia Daniels stated that Oxnard declined TE funds because of the provision that would have required the city to maintain the project in perpetuity.

Morris Zarbi stated that the Safe Routes to Schools selection criteria now gave favor to schools with higher percentage of free meals. David Fleisch clarified that one of the new requirements in the state grant process was that projects serve economically disadvantaged areas, as indicated by 75% of students receiving free meals. The other new requirement was a public outreach effort. The purpose of this is to target low income areas that show support for the projects.

Robert Wong stated that the Caltrans Local Agency Directory needed to be updated with current contact information. If there are any major changes, contact Robert.

**Item #11 – Next Meeting February 16, 2012**

**Item #12 – Meeting was adjourned**

# ATTENDANCE

## ATTENDANCE

[illegible]

Item #4

February 16, 2012

**MEMO TO: TRANSPORTATION TECHNICAL ADVISORY COMMITTEE**

**FROM: PETER DE HAAN, PROGRAMMING DIRECTOR**

**SUBJECT: STATUS OF REGIONAL TRANSPORTATION PLAN**

**RECOMMENDATION:**

- Review and discuss.

**DISCUSSION:**

The last Commission meeting was a joint meeting with the Ventura Council of Governments at which the Southern California Association of Governments (SCAG) gave a presentation on the status of the Regional Transportation Plan. SCAG used a Power Point presentation which is being e-mailed to the Committee. In addition, SCAG showed a video which can be viewed at <http://www.scagrtp.net/>. Comments on the Regional Transportation Plan were due to SCAG on February 14<sup>th</sup>.

This item has been placed on the Committee agenda to allow for any discussion the Committee may wish to have.

**Item #5**

**February 16, 2012**

**MEMO TO: TRANSIT OPERATORS SUBCOMMITTEE  
TRANSPORTATION TECHNICAL ADVISORY COMMITTEE**

**FROM: STEPHANIE YOUNG, PROGRAM ANALYST**

**SUBJECT: STATUS OF REGIONAL TRANSPORTATION PLAN (RTP) PROJECTS**

**RECOMMENDATION:**

- Discuss status of RTP projects.

**BACKGROUND:**

At a recent meeting, the Southern California Association of Governments (SCAG) presented the attached list of projects included in their draft 2012 RTP. Much of this listing was pulled from the Transportation Improvement Program (TIP), but includes many projects that have been completed, deleted from the TIP, delayed, or otherwise updated. These changes were not reflected in SCAG's list. Furthermore, it is in some cases difficult to identify the listed projects since the sponsoring agencies are not shown. There are also projects in the listing that are not funded but have completion dates in the next few years.

Staff has marked-up the projects taking place in Ventura County to show project sponsor as well as project status according to agencies' 2013 TIP submittals. Agencies should review the list and be prepared to discuss the RTP projects at the committee meeting. Please ensure that the project completion dates are correct. If your project(s) are marked complete or delete, also make sure this information is correct. Staff wishes to emphasize that at the committee meetings it would like to have each agency take five minutes to orally review the statuses with the group.

County	Project ID	System	Project Name	From	Project Description	Proposed Year	Estimated Project Cost (\$1000s)
